HOW TO PLAY

Introduction to the Tournament

- During the ICE London 2023 Battle Tournament, participants will be awarded 10 Free Bets per day – on the 7th and 8th of February 2023 – which can be placed on the available matches. The Free Bets can be used as you wish, with no restrictions.
- In total, participants will receive 40 Free Bets over a 2-day period.
- All Free Bets issued must be used within a 24-hour period and cannot be used at a later stage.
- The position on the tournament's leaderboard, as well as the medals awarded is calculated based on which player has the most profit accumulated from free bets placed. The winner of the tournament will be entitled to a portfolio of sports memorabilia which would have already been chosen prior to the tournament taking place by BtoBet.

For participation in the Tournament, participants are required to log in using their LinkedIn profiles. By participating in the Tournament, the participant agrees that in case a participant wins the Tournament, BtoBet may contact the participant on the participant's provided LinkedIn e-mail, in order for BtoBet to get in touch with the winner for the delivery of the award of this Tournament.

FREE TO PLAY RESULTING RULES

- If the outcome of a particular market cannot be officially verified, it will be our prerogative to void any market to delay the settlement until official confirmation.
- If markets were offered when the outcome was already verified, it will be our prerogative to void any market.
- In the case of any incorrectly displayed or calculated prices, it will be our prerogative to void any market.
- If coverage must be abandoned and the match finishes regularly, all markets will be settled according to the final result. If the outcome of a market cannot be verified officially, it will be our prerogative to void any market.
- In the case of an incorrect settlement of markets, it will be our prerogative to correct them anytime.
- If a match does not adhere to the generally accepted format (e.g., unusual period length, counting procedure, format of a match etc.); it will be our prerogative to void any market.
- If the rules or format of a match differ from our accepted norm, it will be our prerogative to void any market.
- If a match is not completed or not played (e.g., through disqualification, interruption, withdrawal, changes in draws etc.), all not decided markets are considered void.
- As in Asian Handicap the main target is to get rid of the draw result (with a non-integer handicap you can actually win or lose the bet), the European Handicap actually has a “draw” result. Which is not, of course, the actual draw of the game, but the “equalizing” of the specific handicap set by the online bookmaker.

1. SOCCER

General

- All match markets are based on the result at the end of the regular time. This includes any added injury or stoppage time but does not include extra time, time allocated for a penalty shootout or a golden goal.
- Video Assistant Referee (VAR) will be taken into account. Decisions made after a significant event occurs, may result in confirmed bets being voided. Bets voided will be from the time of the significant event, until the time the final VAR decision was officially announced.
- All bets on a match abandoned before the completion of the regular time will be void unless the match is rearranged and played on the same date (local time) or stated otherwise in the rules, except for bets on any markets that have been unconditionally determined.
- If the game does not take place as scheduled and is not played on the same date (local time) all bets are void. An exception is made if incorrect kick-off time is announced on our website.
- If a match venue is changed then bets already placed will stand providing the home team is still designated as such. If the home and away team for a listed match are reversed, then bets based on the original listing will be void.

2. MARKET DESCRIPTION

Extra Time

- All bets are settled on the official statistics for the extra time period only. Any goals, corners, etc. that were taken or scored during the regulation time do not count. Extra time does not include a Penalty shootout.
- If the match does not go to Extra Time **[ET]** all bets are void.

Corner Markets

- Corners awarded but not taken do not count.

First Goalscorer

- When there is an own-goal, it will not be considered for First Goalscorer settlement purposes and will be ignored.
- All players who take part in the match from kick-off are considered as runners.
 - If a player joins the match after the First Goal is already scored, it will be voided.

Anytime Goalscorer

- Own goals will not be considered for Anytime Goalscorer settlement purposes and will be ignored.
- All players who take part in the match are considered as runners. If for any reason an unlisted player scores a goal, all bets on listed players stand.
- If a match hasn't finished within 48h after initial kick-off, all bets are considered void except on players who already scored.
